FORDHOOK FARMS AND EXPERIMENTAL GARDENS

Our Fordhook Farms are utilized largely for growing, testing and insuring the trueness-to-type of all the seeds we send out. Thousands of these tests are made annually as each strain is carefully compared with all similar strains in cultivation and the results carefully recorded. This is really the most exacting part of our business as seed growers, and it has helped to make the reputation of Burpee's Seeds—the best seeds that grow.

# Burpee's *New* Giant Sweet Peas

For years we have specialized in Sweet Peas, constantly working to improve the quality of existing varieties and to develop new ones. This year we offer five outstanding new Giant Spencer varieties as well as two new early flowering—Pearl Buck and World's Fair—all originated on Burpee's Floradale Seed Farms, Lompoc, California.

*Daddy Long Legs*

## 3522 **DADDY LONG LEGS**

The outstanding characteristic of this new sweet pea is its remarkably long, strong stems, each carrying four large, well-formed blooms. The flowers are a beautiful shade of cerise, so heavily veined and suffused with a warmer and brighter scarlet-cerise tone as to give the general effect of glowing scarlet-cerise. Vigorous grower. Oz. \$2.15.

## 3546 **GLAMOUR GIRL**

An exquisite soft shade of light fawn-pink carried evenly over the entire standard and wings. A beautiful sweet pea whose softness and delicacy of color can be further enhanced, perhaps, only by seeing it under artificial light. Extremely vigorous. Large flowers on long, strong stems.

Oz. \$2.15.

**Burpee's New

ing Sweet  
Peas,  
Pearl Buck  
and  
World's Fair,  
are offered on  
page 36**

## 3403 **HORN OF PLENTY**

**Multiflora** The main feature of this new sweet pea, which distinguishes it from other varieties, is indicated by its name, for the flowers are borne in fives and sixes to a stem when plants are well grown. Flowers are large, blush-rose-pink, becoming lighter blush-pink towards the white base. Distinct and dainty coloring.

Oz. \$2.15.

## 3423 **QUINTUPLETS**

**Multiflora** Flowers are borne consistently in fives and are of a pleasing bicolor effect; American Beauty rose colored standard and pure mid-rose wings. Especially pretty when seen under artificial light.

Oz. \$2.15.

## 3435 **VIOLET BANNER**

Coloring and markings are quite unique; the ground color is deep violet oddly striped and flaked blue. An interesting and unusual combination of colors.

Oz. \$2.15.

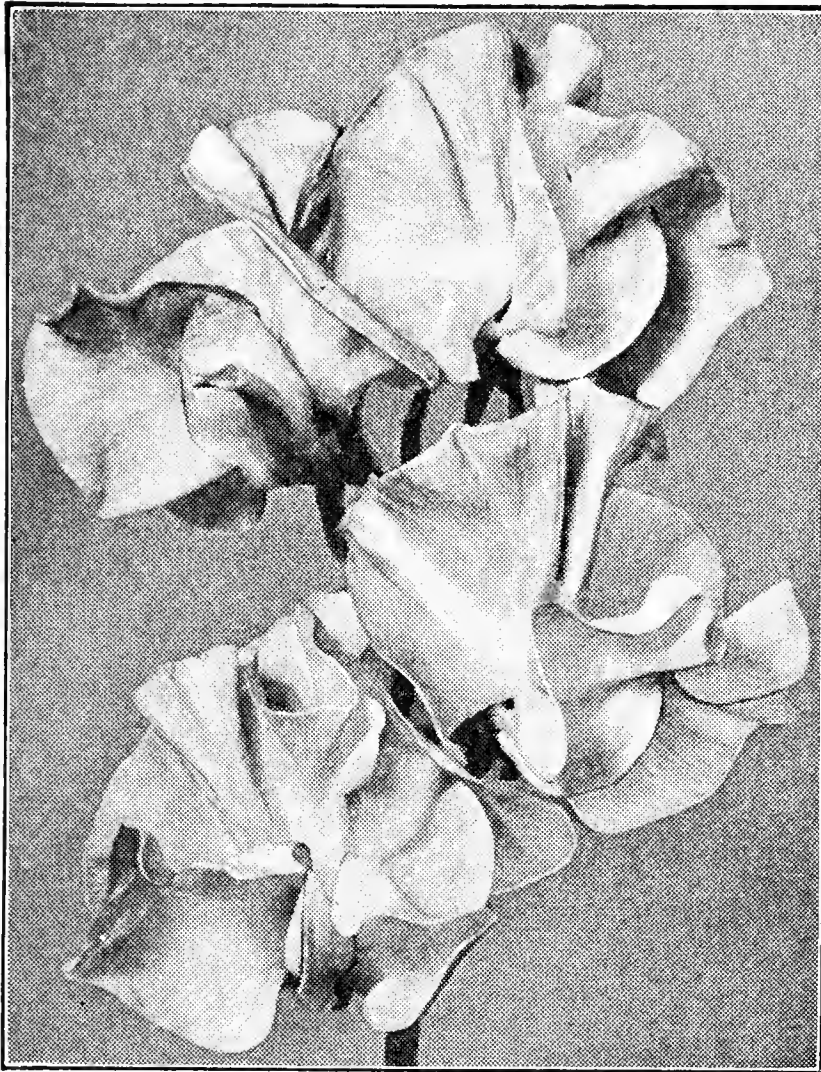

*Horn of Plenty*

# Giant Ruffled Sweet Peas

*Most Beautiful of All—Originated on Burpee's Floradale Farms*

Giant Ruffled Sweet Peas are Burpee introductions, developed on Burpee's Floradale Seed Farms in California. They are distinguished by the unusual duplexness and extra frilliness of the flowers. This gives a double appearance to the large, waved and ruffled flowers which makes them so distinct. They are greatly admired wherever seen and have won the highest honors in the keenest competition.

*Glamour Girl*

## 3546 Glamour Girl (New)

Gorgeous new color in Giant Ruffled Sweet Peas—an exquisite soft shade of light fawn-pink. Plants are extremely vigorous and bear their large, beautifully formed flowers on very long, stout stems. The softness and delicacy of its color are further enhanced when seen under artificial light.

Oz. \$2.15.

**3467 Bonnie Ruffles** Salmon-pink on rich cream, the pink becoming a little deeper towards the edges of standard and wings. Gold Medal Winner, Scottish National Sweet Pea Society. Award of Merit, National Sweet Pea Society of Great Britain.

Oz. 25¢; 4 ozs. 85¢; lb. \$2.75.

**3594 Burpee Blue** Distinct, deep blue, bright and clear; uniform color throughout. Flowers are large, heavily ruffled and duplexed. Award of Merit, National Sweet Pea Society of Great Britain.

Oz. 25¢; 4 ozs. 85¢; lb. \$2.75.

**3518 Crinkles** Most gorgeous shade of rich cerise-pink suffused coral.

Oz. 25¢; 4 ozs. 85¢; lb. \$2.75.

**3413 Fluffy Ruffles Improved** The first of the famous Burpee Giant Ruffled; dainty cream-pink flowers.

# Burpee's Early Flowering Sweet Peas

*Varieties are arranged in each color class from deep to light shades*

Burpee's Early Flowering Sweet Peas come into bloom 3 to 4 weeks earlier than the Summer Flowering varieties offered on pages 30 to 35. They are especially adapted for growing in frost-free sections and for earliest blooms outdoors in the North, and also valuable for winter flowering under glass. They are being planted more and more every year.

If you live in a locality where the late Sweet Peas have not done well for you, try some Early Flowering. They will bloom before the summer heat arrives. Sweet Peas do best in cool weather. If seed was not sown in the fall, sow as early in the spring as the ground can be prepared. They prefer an open, sunny location, and deep rich soil which must be well drained. Burpee's Sweet Peas are famous the world over as the "Best That Grow." The flowers are extra large, of perfect form and texture, well placed on long, strong stems, and usually produced in sprays of four.

*1/2 lb. or more of any named Sweet Pea listed may be ordered at the lb. rate*

**We have marked with a star (\*) the varieties that we particularly like in each color class; if you are in doubt as to which to choose, make your selection from those thus marked. All are lovely and each has its own merits; you would not make a mistake in planting any of them.**
